

OECD PREMIUM CATEGORIES: BOSNIA AND HERZEGOVINA AND CROATIA UPGRADED, EGYPT AND UKRAINE DOWNGRADED

SHARE ARTICLE

In accordance with the country risk classifications of the OECD Arrangement, Credendo has upgraded the premium category for political risks on medium- to long-term export transactions for Bosnia and Herzegovina (from 7 to 6 on a scale from 1 to 7, where 7 represents the highest risk and premium category) and Croatia (from 4 to 3). However, OECD premium categories have been downgraded for Egypt (from 5 to 6) and Ukraine (from 6 to 7).

The acceptance policy remains unchanged.

Overview of changes in premium categories:

Upgrades	From	To
Bosnia and Herzegovina	7	6
Croatia	4	3
Downgrades		
Egypt	5	6
Ukraine	6	7
